

Road: Earlsferry High Street

Number: 16?

Name: Macduff House

Notes:

Notable history: Original access to Links Road now built on, so there is difficulty in numbering on this side of road. Glenyra (two to east) is 10 and that leaves Gowanlea as, say 12, and the house immediately to west is 18. There are therefore numbers missing on even side – suggest that there were a number of houses/small cottages on this site and that of Glenyra. Both seem roughly the same time. 1935 Mary Scott
